

MobeX App for Professionals

Stay Connected.

Mobex is a mobile and desktop application that offers you the ability to make and receive calls on your mobile from anywhere in the world using your mobile as an office extension.

The app has a user-friendly interface so you can easily make and receive phone calls, place calls on hold and transfer calls to another extension or external telephone number using a WiFi connection. The MobeX app is able to 'handover' to GSM when the WiFi signal is poor or not available.

MobeX App for Professionals
